The leadership team demonstrates this commitment by:

- Establishing environmental objectives in alignment with strategic direction, project risk, and industry best practice;
- Understanding the exposure to environmental risk at each phase of a project, and implementing processes and procedures to identify, prevent, and mitigate undesirable environmental impacts;
- Applying the appropriate evaluation techniques for enhancing continual improvement, with the benefit of learnings from historical challenges

This Environmental Policy will be communicated to all persons working on behalf of Hutchinson Builders to provide an understanding of the environmental objectives of the business.
