

Environmental Policy

Ckorp Holdings | CH-POL-03 | Version 1.0
Approved for publication: 24 September 2026

Policy statement

Ckorp Holdings operates within the construction industry and is committed to delivering construction activities through environmentally responsible practices from inception to completion.

Commitments

The leadership team is committed to preventing pollution and recognises that protecting the environment, to the extent within the company's control, is integral to its success.

The leadership team demonstrates this commitment by:

- considering the needs and expectations of interested parties and complying with relevant statutory duties, codes, standards and contractual requirements;
- establishing environmental objectives aligned with strategic direction, project risk and industry best practice;
- understanding environmental risks at each phase of a project and implementing processes and procedures to identify, prevent and mitigate adverse environmental impacts; and
- applying appropriate evaluation techniques to support continual improvement and learning from previous challenges.

Communication

This policy will be communicated to all persons working on behalf of Ckorp Holdings so they understand the environmental objectives of the business.
